TO : H.L. Price, Director,  
Division of Licensing and Regulation

DATE: FEB 7 1958

FROM : Marvin M. Mann, Assistant Director *W* Compliance  
Division of Inspection

SUBJECT: THE MARTIN COMPANY, LICENSE NOS. 19-1398-1 through 9 except -4  
(10 CFR 30) which is superseded by -6

SYMBOL: INS:CCP

Attached is a copy of the inspection report, prepared by the New York Operations Office Inspection Division, concerning activities of the subject licensee.

Information gathered during inspection shows that the licensee was in non-compliance with the following:

License Condition No. 14 of License No. 19-1398-2 and Condition No. 13 of License No. 19-1398-9. "Leak-testing of sealed sources". Strontium 90 sealed sources are not tested as required. (Paragraphs 8 and 15, page 6 of report)

10 CFR 20.203(f)(1) Caution signs, labels and signals. Radioactive waste containers are not labeled as specified in this section. (Paragraphs 8 and 19-9, Part 30 Inspection of report, page 7).

10 CFR 30.3 License requirements. Company possess 1 mc Thulium source without a license. (Paragraphs 8 and 13, page 5 of report).

Your attention is invited to the memorandum of transmittal prepared by the office that conducted the inspection. It is suggested that a letter be addressed to the licensee to inform him of the above non-compliance items and request that appropriate action be taken to correct or overcome these deficiencies. When corrective action has been completed on this matter, please furnish the office that conducted the inspection with copies of pertinent correspondence and these items will be checked during the next regularly scheduled inspection.
