Subject: Nuclear Regulatory Commission Report

This is in response to your reminder of October 5, 2005, for a report pursuant to 31 USC 1353. The Nuclear Regulatory Commission submits a negative report on payments for travel and related expenses accepted from non-Federal sources under that statute for the period April 1, 2005 to September 30, 2005.

Please contact us if you have any questions.
