Dear Ms. Dieckmann

This refers to letter dated October 15, 2007, signed by Dr. Harshman requesting that Dr. Polizzi be added to your NRC license and to our telephone conversation on January 3, 2008. During our telephone conversation, you indicated that the information needed to add Dr. Polizzi to your NRC license would not be available in a timely manner. You also indicated that when all the necessary information is available that you would resubmit the information to the NRC in a new amendment request. We, therefore, discussed voiding your current request to allow you time to gather all the necessary training information for Dr. Polizzi. Your current request is, therefore, voided without prejudice to resubmission.

If you have any questions or require clarification on any of the information stated above, you may contact me at (623) 214-5213.

Sincerely,
