SUBJECT: MARTIN COMPANY APPLICATION DATED JANUARY 17, 1961, FOR AMEND-  
MENT TO LICENSE SNM-53 - DOCKET NO. 70-58

L&amp;R:JLL

ANALYSIS AND FINDINGS

By application dated January 17, 1961, Martin Company requests amendment to License SNM-53 to authorize an increased U-235 limit in the melt and ingot processes during fabrication of U-Al fuel plates.

Based on our review of the information submitted by the applicant, it is hereby determined that their license SNM-53 may be amended to authorize an increase in the U-235 quantity during melt and ingot processing steps.
