Gentlemen:

Reference is made to The Martin Company's letter of October 10, 1961 requesting your consent to the transfer of the licenses described above from The Martin Company to Martin-Marietta Corporation.

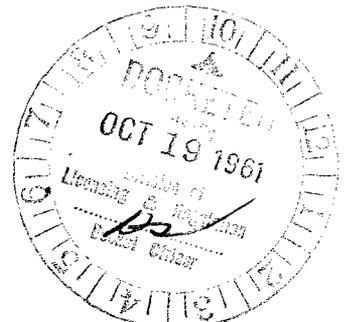

You are advised that the consolidation described in the above referenced letter has been accomplished and your assent to the previously requested transfer is now requested in the name of Martin-Marietta Corporation.

Very truly yours,

W. L. Lucas
Secretary and Treasurer

Continued:

Pursuant to the request contained in The Martin Company's letter of October 10, 1961, and in your letter of October 17, 1961, the Atomic Energy Commission has transferred the following licenses from The Martin Company to Martin Marietta Corporation:

Special Nuclear Material License (SN-33)

Source Material Licenses (SM-313, SM-107, and SM-112)

The expiration dates of these licenses have not been changed. Application for renewal of the special nuclear material license should be submitted in accordance with Section 70.33, 10 CFR 70. Applications for renewal of the source material licenses should be filed on Form AEC-2 pursuant to Section 40.43, 10 CFR 40. Copies of Form AEC-2 and of the regulations 10 CFR, Parts 20, 40, and 70 are attached.

Very truly yours,

Gentlemen:

Pursuant to the request contained in The Martin Company's letter of October 10, 1961, and in your letter of October 17, 1961, the Atomic Energy Commission has transferred the following licenses from The Martin Company to Martin Marietta Corporation:

Special Nuclear Material License: SNM-53

Source Material Licenses SUB-313, SUB-167, and SUB-112

The expiration dates of these licenses have not been changed. Application for renewal of the special nuclear material license should be submitted in accordance with Section 70.33, 10 CFR 70. Applications for renewal of the source material licenses should be filed on Form AEC-2 pursuant to Section 40.43, 10 CFR 40. Copies of Form AEC-2 and of the regulations 10 CFR, Parts 20, 40, and 70 are attached.

Very truly yours,

Donald A. Busbauer, Chief
Source and Special Nuclear Materials Branch
Division of Licensing and Regulation

UNITED STATES
ATOMIC ENERGY COMMISSION

SOURCE MATERIAL LICENSE

Pursuant to the Atomic Energy Act of 1954, and Title 10, Code of Federal Regulations, Chapter 1, Part 40, "Licensing of Source Material," and in reliance on statements and representations heretofore made by the licensee, a license is hereby issued authorizing the licensee to receive, possess and import the source material designated below; to use such material for the purpose(s) and at the place(s) designated below; and to deliver or transfer such material to persons authorized to receive it in accordance with the regulations in said Part. This license shall be deemed to contain the conditions specified in Section 183 of the Atomic Energy Act of 1954 and is subject to all applicable rules, regulations, and orders of the Atomic Energy Commission, now or hereafter in effect, including Title 10, Code of Federal Regulations, Chapter 1, Part 20, "Standards for Protection Against Radiation," and to any conditions specified below.

Licensee		3. License No. STB-187
1. Name	Martin-Marietta Corporation	4. Expiration Date April 30, 1964
2. Address	Baltimore, Maryland	5. Docket No. 40-3296
6. Source Material Thorium	7. Maximum quantity of source material which licensee may possess at any one time under this license 100,000 pounds of Th-Mg alloy containing not more than 4% thorium.	

CONDITIONS

8. Authorized use (Unless otherwise specified, the authorized place of use is the licensee's address stated in Item 2. above.)

Possession and use of source material described in Items 6 and 7 shall be in accordance with statements, representations, and procedures contained in the application for license submitted by the licensee's predecessor, The Martin Company, dated April 12, 1961; The Martin Company's letter of October 10, 1961; and in the letter dated October 17, 1961, submitted by the licensee in applying for the transfer of this license.
