MARTIN COMPANY, DOCKET NO. 70-58, LETTER DATED JULY 30, 1963.

DLR:RLL

Please review the information contained in this letter from the standpoint of adequate control to prevent commingling of SNM shipments.

There is a probability that the Martin container and shipping procedures may be used by Pathfinder group to return any rejected elements since some of the Boiler fuel assemblies were returned to M&C.

You may keep this copy of the July 30, 1963, letter for your files.
