Enclosure: Three (3) copies - "Certification of Status  
of Source Material Activities Under United  
States Atomic Energy Commission Source  
Material License Number STB-187"

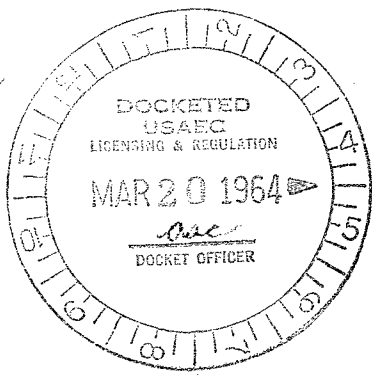

Gentlemen:

Thank you for your notification of the expiration  
of the Martin Marietta License STB-187 which authorizes the  
utilization of magnesium-thorium alloy.

Since there appears to be no further application  
for this alloy at the Martin Marietta facilities at Middle  
River, Maryland, we have executed and enclosed three copies  
of "Certification of Status of Source Material Activities  
Under United States Atomic Energy Commission Source Material  
License Number STB-187" to terminate license number STB-187.
