Dear Mr. Vranka:

In order to help both Agreement States and the NRC remain knowledgeable of each others' programs and to conduct planning for the next IMPEP review, the IMPEP process includes holding one-day periodic meetings with Agreement States between IMPEP reviews.

In accordance with FSME Procedure SA-116, we request a meeting, no longer than one day, to discuss your Agreement State program and share programmatic information. This letter confirms that, after previous coordination, the meeting is scheduled for Tuesday, March 4, 2008, and will be held in your offices. In addition to me, Mr. Leonard Wert, Director, Division of Nuclear Materials Safety, Region IV, will be in attendance. Additionally, a representative from the Office of Federal and State Materials and Environmental Management Programs (FSME) may also be in attendance.

Based on our previous discussions, the likely topics for discussion at the meeting are listed on the enclosed agenda. If there are any additional specific topics you would like to cover, or if you would like to focus on a specific area, please let me know. If you have any questions, please call me at 817-860-8143, or via e-mail to [rre@nrc.gov](mailto:rre@nrc.gov).

Sincerely,
