Dr. Roldan,

I am attaching ~~the license application document with the changes we discussed as well as~~ ^{the} a table with our authorized users experience in better detail. Please note I am removing Mark Fulmer and Robert Harten as authorized users on our license application as their experience does not reflect the isotopes on our application. I will send you a hard copy as well. Please let me know if you would like a copy of everything from the original application or if these affected documents are sufficient?
