Subject: Revised Application for Martin Marietta Corporation  
Special Nuclear Materials License SNM-53

Gentlemen:

We are pleased to submit the revised Martin Marietta Corporation application for Special Nuclear Material License Number 53. Thank you for extending our existing license to June 30, 1965.

Your comments on our original renewal submission have proven very helpful in editing this revision, which has been oriented to provide ease of amendment when necessary. We plan, for example, to edit and submit an additional section dealing with shipping containers and will also submit the new Martin Marietta financial statement when it becomes available in the near future.

We will be happy to participate in any discussions of our application which you may deem desirable. Please contact me on 301-687-3800, Extension 8502, if we can be of further assistance in this matter.

Very truly yours,

Martin-Marietta Corporation
