Dear Mr. C. Rick Grantom:

I would like to nominate Dr. Donald A. Dube, as the authorized Nuclear Regulatory Commission (NRC) representative on the Advanced Light Water Reactors Working Group, the Committee on Nuclear Risk Management, ASME Codes and Standards. Dr. Dube is a Senior Level Advisor, Office of New Reactors. He is responsible for advising NRC management on risk assessment issues associated with the design and operation of new nuclear power plants.

Dr. Donald A. Dube's ASME Codes & Standards Personnel Form (PF-1) and Participation Acknowledgement Form (PAF-A) are enclosed.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 10, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:
