Re: License Amendment Application for License No. 24-00889-01

Saint Luke's Hospital of Kansas City (SLH) is requesting that your office amend its Type A License of Broad Scope to incorporate affiliated hospitals/clinics within the Saint Luke's Health System (SLHS). Specifically, we would like to incorporate Medical Plaza Imaging Associates (MPIA), License # 24-26475-01. In an attempt to standardize and provide better radiation safety services across the Saint Luke's Healthcare System, we intend to systemize policies, procedures and services under a System Radiation Safety Officer. Enclosed please find NRC Form 313, and supplemental attachments that will provide specific information regarding this program. Saint Luke's administration continues to provide its strongest backing to fulfill its materials license commitments. If you have any questions regarding this application, please contact Greg Sackett at (816) 932-6296.

Thank you for your consideration.

No change from current license.

NRC Form 313 Item 7, Individuals Responsible for Radiation Safety Program and their Training Experience

Executive Management

SLH is committed to ensure a safe work place for its associates, including fulfilling State and Federal requirements and meeting all Joint Commission on Accreditation of Healthcare Organization specifications. Executive management has appointed a Radiation Safety Committee (RSC) and a Radiation Safety Officer (RSO) to effectively implement the Radiation Safety Program. Delegations of Authority to the RSO have been provided by executive management.

Authorized Users

Authorized Users currently listed on MPIA license (24-26475-01) shall be incorporated into a system-wide database of approved authorized users that will track authorized locations, materials and uses within the system. All authorized users are approved by the SLH Radiation Safety Committee.

NRC Form 313 Item 8, Training for Individuals Working in or Frequenting Restricted Areas

No change from current license.

NRC Form 313 Item 9, Facilities and Equipment

Amend to incorporate facilities and equipment (Item 9) listed in MPIA license (24-26475-01).

NRC Form 313 Item 10, Radiation Safety Program

All System facilities operating under the broad scope license will follow the system radiation safety program, as provided in the Saint Luke's Hospital Radiation Safety Manual.

Regarding emergency response for various facilities under this license. Radiation Safety personnel are on-call for all facilities at any hour of the day, via wireless media (pager/cell phone). The primary location for radiation safety staff is Saint Luke's Hospital (Midtown). This location is approximately 5 minutes away from the MPIA Offices. On-site personnel are trained to deal with an emergency until Radiation Safety personnel can arrive.

NRC Form 313 Item 11, Waste Management

Radioactive waste will be stored and secured in site-specific locations, and monitored by Radiation Safety staff. SLH will meet the requirements specified in 10 CFR 20 Subpart K.

Re: Termination Notification for License No. 24-26475-01, Docket No. 030-33080

Medical Plaza Imaging Associates (MPIA) is requesting that your office terminate its radioactive materials license. MPIA is now owned by Saint Luke's Hospital of Kansas City (SLH). SLH is participating in an effort to incorporate affiliated hospitals/clinics within the Saint Luke's Health System (SLHS) radiation safety program. We therefore request that our activities be placed under Saint Luke's Hospital of Kansas City's Type A License of Broad Scope (License No. 24-00889-01, Docket No. 030-02286/030-34167). In an attempt to standardize and provide better radiation safety services across the Saint Luke's Healthcare System, we intend to systemize policies, procedures and services under a System Radiation Safety Officer. Details of this program are provided in the SLH amendment request to incorporate MPIA license activities under the broad scope license. We have enclosed NRC Form 314 to officially request this termination. Saint Luke's administration continues to provide its strongest backing to fulfill its materials license commitments. If you have any questions regarding this application, please contact Greg Sackett at (816) 932-6296.

Thank you for your consideration.
