Docket Nos.
70-58
70-908

February 9, 1967

Martin Company
Nuclear Division
Baltimore, Maryland 21203

Attention: Mr. C. W. Keller, Nuclear Accountability
and Licensing Representative

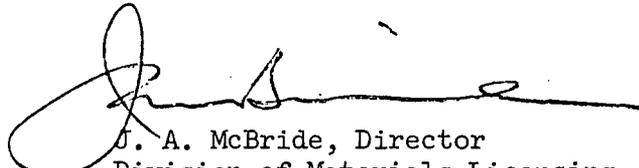

Gentlemen:

Enclosed is a copy of a Notice of Rule Making published in the Federal Register on February 3, 1967, concerning amendments to 10 CFR Part 70 specifying certain requirements for the safeguarding of special nuclear material.

These amendments become effective on March 6, 1967.

Your careful attention is invited to all of these amendments in terms of their applicability to your AEC-licensed operations. We wish to call your attention particularly to new section 70.51. Please note especially § 70.51(c) requiring submission to the Commission within 60 days after March 6, 1967, of specified information concerning your procedures for control of and accounting for special nuclear material.

Sincerely yours,

J. A. McBride, Director
Division of Materials Licensing
