Subject: Rio Algom Ambrosia Lake U Mill

Dear Mr. McLaughlin,

We are interested in learning more about the application for indirect license transfer for the Rio Algom Ambrosia Lake (NM) uranium mill. ADAMS Document #ML073540253 is referenced on the NRC web site, but it can't be accessed because it's not highlighted. Our understanding is that this is the proposed acquisition of the RA mill site by Uranium Resources Inc. for the purpose of constructing a new uranium mill. We'd like to know more about the license transfer and opportunities for public comment and hearing. My contact information is below.

Thank you for your consideration,
