Gentlemen:

This refers to your application dated June 30, 1969, for renewal of AEC Special Nuclear Material License No. SNM-53.

For reasons given in our letter dated February 24, 1969, we requested that you file a consolidated application for renewal of License No. SNM-53. By this we meant for you to submit an application with sufficient detail regarding your facilities, equipment and operations to enable us to evaluate your application without the need to refer to previous applications submitted by your predecessor, the Martin Company. The referenced application did not provide this information. Accordingly, you are requested to submit an application for renewal of License No. SNM-53 in accordance with our letter dated February 24, 1969, within sixty (60) days from the date of this letter.

Pursuant to Part 70, the expiration date for License No. SNM-53 is hereby extended to September 30, 1969.

All other conditions of this license shall remain the same.
