Gentlemen:

This is to acknowledge your letter of June 17, 1969, clarifying that Martin Marietta Corporation Building "KJ" is no longer needed for radioisotope operations under AEC byproduct material License No. 19-01398-33 and has been decontaminated for release. Your survey reports indicate that there is no need to maintain Building "KJ" as a restricted area nor to require a license of subsequent possessors of the building.

Sincerely,
