Dear Scott:

Thank you for the invitation to attend the November 27 public meeting to engage in a discussion concerning the renewal of the NRC license for the Beaver Valley nuclear power plant. Unfortunately, we are unable to attend as we are in the middle of budget adoption and several hearings under the Zoning Ordinance. We do, however, wish to comment on the application for the record.

***Greene Township has been blessed by the presence of the Nuclear Power Plants in Shippingport over the past 40 years. Many of our residents have had very gainful employment there, giving them the ability to construct beautiful homes in our Township, which increases our Real Estate Tax revenue, along with the revenue of Earned Income taxes.***

***We have had a very good relationship with Duquesne Light and then with First Energy as they operated the plants. We have had invaluable assistance with our Emergency Response Plans, and we have held a number of Community Days with substantial financial support and personnel involvement by both companies.***

We hope that, with such a positive impact on our Township, the plants will receive a renewal of their license to keep them around for another 20 years.

Sincerely,

Russell D. Morgan, Chairman
