			Stem Focus	Direct L/U	One Ans	Min Resp	Scope (TS?)	Job-Link	Minu-tia	SRO Only	Back-wards		
See Comments in column #6												S	Generic K/A 2.4.30 was listed as rejected due to being less than 2.5 for RO. This is contrary to methodology outlined in the selection process description. While Tier 3 items are specifically identified as not eligible to be pre-screened out, they may be rejected if justified on a case-by-case basis: ES401 Att.2
See Comments in column #6												S	While the specific K/As are different, it was noted that repeat APE items in Tier 2 Group 1 are very similar to those repeat items in another facility's exam outline which was developed using the same program. -AND- Sampled APE items for Tier 2 Group 2 repeat 5 of 24 items from that same facility's exam.
