

RSO/EXECUTIVE MANAGEMENT LETTER OF UNDERSTANDING

October 19, 2007

Executive management at our facility is Dr. Botris, and he has requested to the USNRC, Laura T. Smith to be appointed the Radiation Safety Officer (RS) of his facility – 1220 E Nine Mile, Ferndale, MI. It is understood that she agrees to the following:

- Assume responsibility for implementing the Radiation Protection Program.
- Ensure that radiation safety activities are being performed in accordance with our own approved procedures and all regulatory requirements.
- Provide the appropriate time commitment and coverage to our site to assure compliance with USNRC, MDEQ, JCAHO and Facility regulations and policies.

It is also agreed that 1220 E Nine Mile, Ferndale, MI facility will provide:

- Specific written notation of your authority, duties and responsibilities.
- Sufficient authority, organizational freedom, time, resources and management prerogative to:
 1. Identify radiation safety problems
 2. Initiate, recommend, or provide corrective actions
 3. Stop unsafe operations
 4. Verify implementation of corrective actions

Sincerely,

Radiation Safety Officer
Laura T. Smith

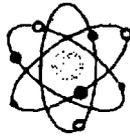

Chief Diagnostic Officer
Mark Botris, MD
