Harriet:

I added CCC, TCEQ, and CPGWCD to the table.

CCC: Ben Rahme is the Texas Coastal Management Program lead and should be the contact for the CZMA Federal Consistency Review.

TCEQ: No human is referenced -- I guess we'll know who the 401 Coordinator is when we call.

USACE: No human is referenced -- need to call the Regulatory Branch to get a name.

LCRA: Only main switchboard information is available -- need to call to get a name and address to talk about existing STP water use permits.

CPGWCD: Neil Hudgins is the General Manager -- we need to find out who to speak with for groundwater well installation and groundwater use permits.

Need to verify the street addresses in case we need to have a face-to-face meeting.

Amoret/Janelle:

I guess the place to put this file is "South Texas Documents -> 05 Public Scoping Meeting and Site" (I guess "Audit" got cut off) folder -- but double check with Nona or just send her the file.

I looked up the TX Water Development Board -- they look more like a funding/financing agency -- see <http://www.twdb.state.tx.us/about/aboutTWDBmain.asp>.
