George,

I am the lead electrical / I&C engineer for Exelon's Texas COL Project. I was considering attending the 1/15/08 NRC-NRG meeting on the STP 3&4 COL since it includes I&C issues. I was wondering if you could tell me if the agenda will include discussion on DAC/ITAAC since this topic was identified in the NRC docketing letter (11/29/07) to STP? I consider this a generic issue for all COL projects, so I would definitely attend the meeting if this is included.

Thank you,

Christopher Kerr PE
Exelon New Plant Development
