This workbook contains 2005-06 enrollments for all publicly funded schools in Pennsylvania as reported by school districts, area vocational-technical schools, charter schools, special program jointures, and state-operated educational facilities. Local education agencies were asked to report those students who were enrolled and attending as of October 1, 2005. Additionally, counts of students attending education classes on a full-time basis outside their parents' district of residence were obtained from the Instructional Support System of Pennsylvania (PENNDATA 2005). Data is in county order by local education agency, by school, and by grade.

NOTE: AVTS Part-day enrollments are excluded from county and state totals.
