

February 4, 2008

Mr. James J. Sheppard
President and Chief Executive Officer
STP Nuclear Operating Company
South Texas Project Electric
Generating Station
P. O. Box 330
Wadsworth, TX 77483

SUBJECT: SOUTH TEXAS PROJECT – CORRECTION LETTER RE: ISSUANCE OF
UNIT 1 AMENDMENTS NUMBERED 172-181 AND UNIT 2 AMENDMENTS
NUMBERED 160-168 (TAC NOS. MC4917, MC4918, MC7258, MC7259,
MC8224, MC8225, MD3852, MD0934, MD0935, MD5268, MD5269, MD2341,
MD2342, MD0333, MD0334, MD4655, MD4656)

Dear Mr. Sheppard:

By letters dated May 19, October 4, and October 17, 2005, March 31, 2006, January 11, June 13, June 29, July 13, July 20, and December 6, 2007, the Commission issued amendments to Facility Operating Licenses (FOL) numbered NPF-76 and NPF-80, respectively, for the South Texas Project, Units 1 and 2 as follows:

- Amendments 172 and 160 consisted of changes to remove references to AEP Texas Central Company in the FOL in response to your application dated October 21, 2004 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML050960593).
- Amendments 173 and 161 consisted of changes to the Technical Specification (TS) requirements for inservice test and inservice inspection in response to your application dated July 4, 2005 (ADAMS Accession No. ML052490255).
- Amendments 174 and 162 consisted of changes to the TS related to reactor coolant system leakage detection in response to your application dated June 2, 2005 (ADAMS Accession No. ML052370096).
- Amendments 175 and 163 consisted of changes to the TS to incorporate Best Estimate Analyzer for Core Operations – Nuclear in response to your application dated August 30, 2005 (ADAMS Accession No. ML060760501).
- Amendment 176 (Unit 1) consisted of changes to the TS related to a one-time change to loss of power instrumentation in response to your application dated December 20, 2006 (ADAMS Accession No. ML070100198).

- Amendments 177 and 164 consisted of changes to the TS related to accident monitoring instrumentation in response to your application dated March 30, 2006 (ADAMS Accession No. ML071430234).
- Amendments 178 and 165 consisted of changes to the FOL resulting from licensee name change in response to your application dated April 4, 2006 (ADAMS Accession No. ML071280118).
- Amendments 179 and 166 consisted of broad scope risk-informed changes to the TS in response to your resubmitted application dated June 6, 2006 (ADAMS Accession No. ML071780186).
- Amendments 180 and 167 consisted of changes to the TS for batteries and DC [Direct Current] systems in response to your application dated February 28, 2006 (ADAMS Accession No. ML071590171).
- Amendments 181 and 168 consisted of changes to TS related to auxiliary feedwater system, in response to your application dated February 28, 2007 (ADAMS Accession No. ML073090304).

The Commission inadvertently issued the subject amendments with amendment pages containing the name of previously-deleted AEP Texas Central Company as one of the owners.

The respective amendment pages have been corrected by removing the name of AEP Texas Central Company, and the corrected pages are enclosed for incorporation in the stated amendments. We regret any inconvenience caused by this error.

Sincerely,

/RA/

Mohan C. Thadani, Senior Project Manager
Plant Licensing Branch IV
Division of Operating Reactor Licensing
Office of Nuclear Reactor Regulation

Docket Nos. 50-498 and 50-499

STP NUCLEAR OPERATING COMPANY

DOCKET NO. 50-498

SOUTH TEXAS PROJECT, UNIT 1

AMENDMENT TO FACILITY OPERATING LICENSE

Amendment No. 172
License No. NPF-76

1. The Nuclear Regulatory Commission (the Commission) has found that:
 - A. The application for amendment by STP Nuclear Operating Company* acting on behalf of itself and for Texas Genco, LP, the City Public Service Board of San Antonio (CPS), and the City of Austin, Texas (COA) (the licensees), dated October 21, 2004, as supplemented by letters dated December 13 and 22, 2004, and February 23 and March 1, 2005, complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations set forth in 10 CFR Chapter I;
 - B. The facility will operate in conformity with the application, as amended, the provisions of the Act, and the rules and regulations of the Commission;
 - C. There is reasonable assurance (i) that the activities authorized by this amendment can be conducted without endangering the health and safety of the public, and (ii) that such activities will be conducted in compliance with the Commission's regulations;
 - D. The issuance of this license amendment will not be inimical to the common defense and security or to the health and safety of the public; and
 - E. The issuance of this amendment is in accordance with 10 CFR Part 51 of the Commission's regulations and all applicable requirements have been satisfied.

*STP Nuclear Operating Company is authorized to act for Texas Genco, LP, the City Public Service Board of San Antonio, and the City of Austin, Texas, and has exclusive responsibility and control over the physical construction, operation, and maintenance of the facility.

STP NUCLEAR OPERATING COMPANY

DOCKET NO. 50-499

SOUTH TEXAS PROJECT, UNIT 2

AMENDMENT TO FACILITY OPERATING LICENSE

Amendment No. 160
License No. NPF-80

1. The Nuclear Regulatory Commission (the Commission) has found that:
 - A. The application for amendment by STP Nuclear Operating Company* acting on behalf of itself and for Texas Genco, LP, the City Public Service Board of San Antonio (CPS), and the City of Austin, Texas (COA) (the licensees), dated October 21, 2004, as supplemented by letters dated December 13 and 22, 2004, and February 23 and March 1, 2005, complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations set forth in 10 CFR Chapter I;
 - B. The facility will operate in conformity with the application, as amended, the provisions of the Act, and the rules and regulations of the Commission;
 - C. There is reasonable assurance (i) that the activities authorized by this amendment can be conducted without endangering the health and safety of the public, and (ii) that such activities will be conducted in compliance with the Commission's regulations;
 - D. The issuance of this license amendment will not be inimical to the common defense and security or to the health and safety of the public; and
 - E. The issuance of this amendment is in accordance with 10 CFR Part 51 of the Commission's regulations and all applicable requirements have been satisfied.

*STP Nuclear Operating Company is authorized to act for Texas Genco, LP, the City Public Service Board of San Antonio, and the City of Austin, Texas, and has exclusive responsibility and control over the physical construction, operation, and maintenance of the facility.

 - E. The issuance of this amendment is in accordance with 10 CFR Part 51 of the Commission's regulations and all applicable requirements have been satisfied.

*STPNOC is authorized to act for NRG South Texas LP, the City Public Service Board of San Antonio, and the City of Austin, Texas, and has exclusive responsibility and control over the physical construction, operation, and maintenance of the facility.

STP NUCLEAR OPERATING COMPANY

DOCKET NO. 50-499

SOUTH TEXAS PROJECT, UNIT 2

AMENDMENT TO FACILITY OPERATING LICENSE

Amendment No. 166
License No. NPF-80

1. The Nuclear Regulatory Commission (the Commission) has found that:
 - A. The application for amendment by STP Nuclear Operating Company (STPNOC)* acting on behalf of itself and for NRG South Texas LP, the City Public Service Board of San Antonio (CPS), and the City of Austin, Texas (COA) (the licensees), dated June 6, 2006, as supplemented by letters dated December 28, 2006, February 28, May 9, and May 17, 2007, complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations set forth in 10 CFR Chapter I;
 - B. The facility will operate in conformity with the application, as amended, the provisions of the Act, and the rules and regulations of the Commission;
 - C. There is reasonable assurance (i) that the activities authorized by this amendment can be conducted without endangering the health and safety of the public, and (ii) that such activities will be conducted in compliance with the Commission's regulations;
 - D. The issuance of this license amendment will not be inimical to the common defense and security or to the health and safety of the public; and
 - E. The issuance of this amendment is in accordance with 10 CFR Part 51 of the Commission's regulations and all applicable requirements have been satisfied.

*STPNOC is authorized to act for NRG South Texas LP, the City Public Service Board of San Antonio, and the City of Austin, Texas, and has exclusive responsibility and control over the physical construction, operation, and maintenance of the facility.
