

January 23, 2008

Ms. Melanie Rasmusson, Chief  
Bureau of Radiological Health  
Iowa Department of Public Health  
Lucas State Office Building  
321 E. 12<sup>th</sup> Street  
Des Moines, IA 50319-0075

Dear Ms. Rasmusson:

Thank you for your January 3, 2008, letter responding to the final Integrated Materials Performance Evaluation Program (IMPEP) report and letter dated December 27, 2007. U.S. Nuclear Regulatory Commission (NRC) staff has reviewed your response to the recommendation made in the final IMPEP report and believe that your proposed actions adequately address the recommendation.

A periodic meeting will be conducted with your program in approximately 24 months from the September 2007 IMPEP review. The periodic meetings were created to help NRC and Agreement States remain knowledgeable of their respective programs and to plan for the next IMPEP review. As indicated in the final IMPEP report, the next full IMPEP review is tentatively scheduled for September of 2011. During the periodic meeting and at the next IMPEP review in 2011, we will evaluate the effectiveness of your response to our recommendation, as well as the implementation of your overall program.

I appreciate the positive actions that you and your staff are taking to address the recommendation. I also wish to acknowledge your continued support for the Agreement State program. I look forward to our agencies continuing to work cooperatively in the future.

Sincerely,

*/RA/*

Robert J. Lewis, Acting Director  
Division of Materials Safety and  
State Agreements  
Office of Federal and State Materials  
and Environmental Management Programs

cc: Thomas Newton, Director  
Iowa Department of Public Health
