LICENSE CONDITION REQUIRING FINGERPRINTING FOR EXISTING LICENSEES

XX. The licensee shall comply with the requirements described in the Department Letter, dated January 31, 2008, and Attachment 1 entitled "Fingerprinting and Criminal History Records Check Requirements for Unescorted Access to Certain Radioactive Material." The requirements listed in the Department Letter shall be implemented as part of the trustworthiness and reliability program of the Increased Controls requirements.

A. By April 30, 2008, the licensee shall provide under oath or affirmation, a certification that the Trustworthiness and Reliability (T&R) Official is deemed trustworthy and reliable by the licensee as required as follows:

The T&R Official, if he/she does not require unescorted access, must be deemed trustworthy and reliable by the Licensee in accordance with the requirements of Increased Controls License Condition **[# of condition on particular license]** before making a determination regarding the trustworthiness and reliability of another individual. If the T&R Official requires unescorted access, the Licensee must consider the results of fingerprinting and the review of the U.S. Federal Bureau of Investigation (FBI) identification and criminal history records check as a component in approving a T&R Official.

B. All fingerprints obtained by the licensee pursuant to this requirement must be submitted to the Nuclear Regulatory Commission (NRC) for transmission to the FBI. Additionally, the licensee's submission of fingerprints shall also be accompanied by a certification, under oath and affirmation, of the trustworthiness and reliability of the T&R Official as required by the above paragraph.

C. The licensee shall complete implementation of the fingerprinting requirements by July 31, 2008. The licensee shall notify the Arkansas Department of Health, Radioactive Materials Program, when they have achieved full compliance with the requirements described in the Department Letter. The notification shall be made within **twenty-five (25) days** after full compliance has been achieved.

D. The licensee shall notify the Arkansas Department of Health, Radioactive Materials Program, within 24 hours if the results from a criminal history records check indicate that an individual is identified on the FBI's Terrorist Screening Data Base.

LICENSE CONDITION REQUIRING FINGERPRINTING FOR NEW LICENSEES

- XX. The licensee shall comply with the requirements described in the Department Letter and Attachment 1 entitled "Fingerprinting and Criminal History Records Check Requirements for Unescorted Access to Certain Radioactive Material." The licensee shall complete implementation of said requirements by the first day that radionuclides in quantities of concern are possessed at or above the limits specified in "Table 1: Radionuclides of Concern" contained within the Letter as Attachment 2. The licensee shall notify the Arkansas Department of Health, Radioactive Materials Program, when they have achieved full compliance with the requirements described in the Order. The notification shall be made within **twenty-five (25) days** after full compliance has been achieved. This notification shall include a certification that the Trustworthiness and Reliability (T&R) Official (and any subsequent T&R Official) is themselves deemed trustworthy and reliable as required by the License. The licensee shall notify the Arkansas Department of Health, Radioactive Materials Program, within 24 hours if the results from a criminal history records check indicate that an individual is identified on the FBI's Terrorist Screening Data Base.
