Map Gallery

The Map Gallery section of the SRBC's GIS Web Site shows various commonly used maps. For each map, the user can view a larger online jpeg-formatted image (select JPEG) or download a high quality printable pdf-formatted map (select PDF)*. These images can be downloaded and reprinted, with appropriate credits to SRBC.

The following series of maps plus other maps also are available on a Map Gallery CD from SRBC. If you would like to receive the CD, E-mail us. Please give us your name, address, and phone number and type Map Gallery CD in the subject line.

* The pdf formatted documents should be viewed with version 5.0 of Adobe Acrobat Reader. See button at bottom of page to download a free copy of Adobe Acrobat Reader.

Susquehanna River Basin -- Subbasins

This map shows the six Susquehanna River Basin Subbasins. The subbasins, major population centers, and major rivers and streams are labeled. It has a legend.

[JPEG](#)[PDF](#)

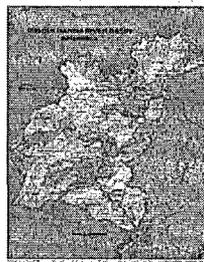

Susquehanna River Basin -- Counties

This map identifies the counties that lie completely or partially within the Susquehanna River Basin. The six Susquehanna River Basin Subbasins, major population centers and rivers are shown and labeled. Major streams are shown. It has an inset map and a legend.

[JPEG](#)[PDF](#)

Susquehanna River Basin -- Population Centers.

This map shows all the major population centers in the Susquehanna River Basin along with rivers and major streams. It has an inset map.

[JPEG](#)[PDF](#)

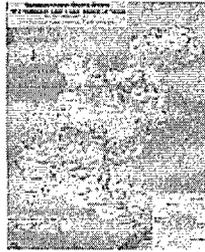

Susquehanna River Basin -- Watersheds

This map shows the major watersheds within the Susquehanna River Basin. The watersheds are labeled, and the rivers and

streams are shown. It has a legend.

[JPEG](#)

[PDF](#)

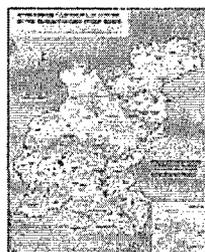

Susquehanna River Basin Watershed and Lake Associations

This map identifies the watershed and lake associations in the Susquehanna River Basin. The numbers on the map are associated with names found [here](#). The six Susquehanna River Basin Subbasins, counties within the basin and rivers are shown and labeled. Major streams are shown. A legend is included.

[JPEG](#)

[PDF](#)

Susquehanna River Basin Streamside Cleanup Locations

These maps identify the streamside cleanup locations in the Susquehanna River Basin. The basinwide map depicts the points without detail because there are so many overlapping points. The actual sites are numbered on the individual subbasin maps. The

[Click Here for Subbasin Maps](#)

numbers on those subbasin maps are associated with the list of organizations. The six Susquehanna River Basin Subbasins and watersheds are shown and labeled. Major streams are shown. A legend is included.

[JPEG](#)

[PDF](#)

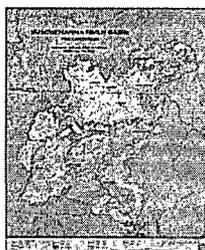

Susquehanna River Basin -- Physiographic Sections

This map shows distinctive areas having common topography, rock types and structure and geologic and geomorphic history within the Susquehanna River Basin. Major population centers are identified and rivers and major streams are shown. It has a legend.

[JPEG](#)

[PDF](#)

Susquehanna River Basin -- Precipitation

This map shows the average annual precipitation from 1961-1990 within the Susquehanna River Basin. Major population centers are identified and rivers and major streams are

shown. It has a legend.

[JPEG](#)

[PDF](#)

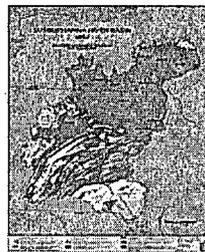

Susquehanna River Basin -- Land Cover

This map shows land cover of the Susquehanna River Basin. The data are taken from a Landsat Thematic Mapper (TM) Image. Major population centers are identified and rivers and major streams are shown. It has a legend.

[JPEG](#)

[PDF](#)

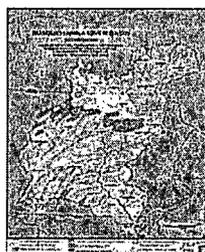

Susquehanna River Basin -- Soils

This map shows the State Soil Geographic (STATSGO) Soil Suborders within the Susquehanna River Basin. Major population centers are identified and rivers and major streams are shown. It has a legend.

[JPEG](#)

[PDF](#)

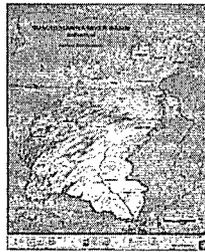

Susquehanna River Basin -- Ecoregions

This map shows areas of relatively homogeneous ecological systems based

on patterns of land use, land-surface form, potential natural vegetation and soils within the Susquehanna River Basin. Major population centers are identified and rivers and major streams are shown. It has a legend.

[JPEG](#)

[PDF](#)

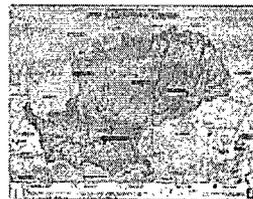

Susquehanna River Basin -- Elevation

This map shows the elevation of the Susquehanna River Basin. The elevation data are from a Digital Elevation Model. Major population centers are identified and rivers and major streams are shown. It has a legend.

[JPEG](#)

[PDF](#)

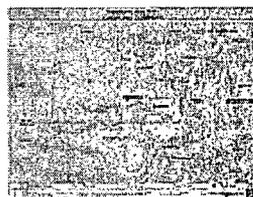

Upper Susquehanna Subbasin

This map shows the Upper Susquehanna Subbasin of the Susquehanna River Basin. Counties, major population centers, rivers and major streams are shown and labeled. It has an inset map and a legend.

[JPEG](#)

[PDF](#)

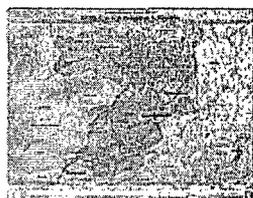

Chemung Subbasin

This map shows the Chemung Subbasin of the Susquehanna River Basin. Counties, major population centers, rivers and major streams are shown and labeled. It has an inset map and a legend.

[JPEG](#)

[PDF](#)

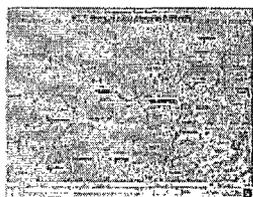

Middle Susquehanna Subbasin

This map shows the Middle Susquehanna Subbasin of the Susquehanna River Basin. Counties, major population centers, rivers and major streams are shown and labeled. It has an inset map and a legend.

[JPEG](#)

[PDF](#)

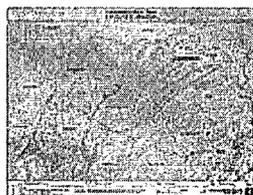

West Branch Susquehanna Subbasin

This map shows the West Branch Susquehanna Subbasin of the Susquehanna River Basin. Counties, major population centers, rivers and major streams are shown and labeled. It has an inset

map and a legend.

[JPEG](#)

[PDF](#)

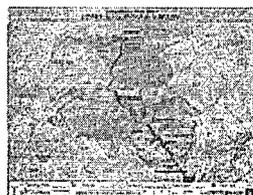

Juniata Subbasin

This map shows the Juniata Subbasin of the Susquehanna River Basin. Counties, major population centers, rivers and major streams are shown and labeled. It has an inset map and a legend.

[JPEG](#)

[PDF](#)

Lower Susquehanna Subbasin

This map shows the Lower Susquehanna Subbasin of the Susquehanna River Basin. Counties, major population centers, rivers and major streams are shown and labeled. It has an inset map and a legend.

[JPEG](#)

[PDF](#)

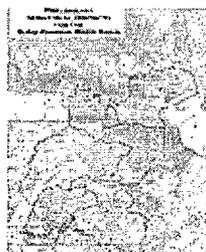

Congressional Districts for the Susquehanna River Basin

This map shows the eight New York, nine

Pennsylvania, and three Maryland Congressional district boundaries of the Susquehanna River Basin. A legend includes the members of the 108th Congress for the twenty districts.

[JPEG](#)

[PDF](#)

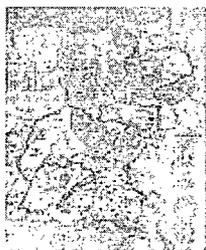

Senatorial Districts for the Susquehanna River Basin

This map shows the nine New York, twenty-two Pennsylvania, and three Maryland Senatorial district boundaries of the Susquehanna River Basin. A legend includes the members of the thirty-four districts.

[JPEG](#)

[PDF](#)

Representative Districts for the Susquehanna River Basin

This map shows the fourteen New York Assemblymen, seventy-one Pennsylvania representative, and eight Maryland Delegate district boundaries of the

Susquehanna River Basin. A legend includes the members of the ninety-three districts.
