1. Please note that NRC Form 314 is dated April 13, 2006; however, in an e-mail to Dr. Blair Spitzberg of this Regional Office in the Division of Nuclear Materials Safety, you stated that the X-Ray machine was shipped November 14, 2007 from Day & Zimmermann, Inc.

Please clarify the date on when the X-Ray machine containing depleted Uranium was transferred from your facility. Please correct the date on the NRC Form 314, accordingly.
