Subject: Information concerning Change of Trustee (NOTE: This will be used as the Documents Title in ADAMS)		
Summary: On January 17, 2008, Mr. Spoerl left a message on my voice-mail. He stated that he did not have any questions about the first item on my RAI dated January 3, 2008, but had questions about the second item.  1/18/2008 09:45 I spoke with Mr. Spoerl and explained that financial assurance is necessary for only those isotopes in the licensee's possession that have a half-life of greater than 120 days. The individual who completed the Certification of Financial Assurance listed all of the isotopes on the license. Since the action involved amending the financial instrument, I thought that it was a good time to correct the error in the Certificate. Mr. Spoerl did not have a copy the CFA and requested that a copy be faxed to him. He would see to it that a corrected instrument was executed.
