Subject: Additional Information

The following additional information is needed to complete the review of your request to "Transfer Control" of your NRC licensed facility.

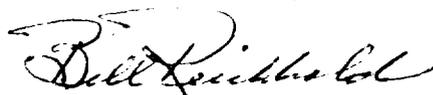

1. Please provide documentation that the transferor (seller) and the transferee (purchaser) agree to the change in ownership or control of the licensed materials and activity, and the conditions of the transfer.
2. Please confirm that the transferee (purchaser) will abide by all constraints, conditions, requirements and commitments of the transferor (seller) or that the transferee (purchaser) will submit a complete description of the proposed licensed program.

Please see the enclosed Appendix F, from NUREG - 1556, Volume 15.

We will void your amendment request at this time. You may resubmit your request as additional information to **Voided Control 316670**. We will resume our review upon receipt of your response. Please note, that a "void" is an administrative procedure that puts your amendment request "on hold" until you reactive it by a written response. It costs you nothing, gives you time to prepare a quality response, and it regarded as a "good thing".

Please call me at (630) 829-9839 if you have any questions.

Bill Reichhold
