Subject: Timeline on Byron Thermal Power Issue

Attached is a timeline I've developed based on e-mails that I've kept. Obviously there are some gaps in it, because I'm not very good at remembering dates of conference calls, and a lot of my sent e-mails were lost in a RIII purge of the sent e-mail system a couple months ago.

So I would appreciate any additions, markups, changes, comments, or even snide remarks that you would like to add to this document.

Your name was added to this e-mail because, sometime in the lifetime of this concern, you have been involved with it. Even if you have moved on, I would appreciate it if you would check your e-mails and calendars to fill in any blanks for the time periods you were involved. If you believe that someone else needs to also see it, please feel free to forward it to them. Thanks!
