SUBJECT: Amendment to License No. 37-18436-01 Docket No. 030-15078

Dear Mr. Reichard:

We are requesting to amend the referenced License to reflect a change of address and a new Radiation Safety Officer.

We are requesting this change because the facility listed in the current license no longer uses any gauges requiring regulation. The last gauge that was in storage at the Winfield facility was recently sent back to Troxler Electronic Laboratories for disposal. Also, the Radiation Safety Officer, Ms. Kimberly Rudy recently resigned from our employ.

We would like to change the License address to **4401 Camp Meeting Road, Center Valley, PA 18034** which is the secondary storage facility listed in item (10).

The **Radiation Safety Officer will be Mr. Jon Williams** who is properly trained in gauge safety and use and is employed at the Center Valley Location.

If any additional information is needed please contact me at 717-524-2251. Thank you.

Sincerely,

EASTERN INDUSTRIES, INC.

Neal Smith  
Vice President, Construction
