Washington D. C. 20555

Enclosed are two applications for the amendment of export licenses XSOU8707 and XSOU8708. Also enclosed are two checks for \$770.00 each for the amendment fees. The requested amendment to the licenses follows the name change from Molycorp, Inc. to Chevron Mining Inc. All other information on the licenses remain unchanged.

The name change is part of our long-term strategy to better align ourselves with our parent company, Chevron Corporation. Our new name will also be more reflective of our diversified portfolio, including coal and hard rock mining, technology development and other related business activities within the corporation.

As Chevron Mining Inc., a Missouri corporation, we will continue to manage our business with the same commitment to our values, and focus on our customers, partners and contractors. In addition, our contact information, including our headquarters mailing address, will remain the same.

If you have any questions, please feel free to contact me.

Very truly yours,

John Benfield
