Warren,

Did you have to provide your social security number to the licensee in order to get on site? If so, you can be badged as a visitor and be escorted as needed.

George

I was there last week and went into the training building. I assume we'll go to the same place this week. I'm not sure what has been done with respect to dates. I haven't set anything up for beyond that and I would need to be escorted if we go into a more secure area.

Warren,

We plan to arrive in the afternoon/evening of 03/03/04 and stay at the Courtyard by Marriott in Rockford (815-397-6222).

The schedule is to do the review on 03/04/05, beginning at about 8:30 a.m. with the option of continuing on 03/05/04, if needed.

I see from one of your other E-Mails that you will be at Byron on 02/25/04. I assume that you will have already provided the licensee with the information needed to gain entrance as a visitor or for full site access. Please let me know since I am coordinating this for the AMAG review.

thanks,

George

I'll be there. This information is key to other "stuff" I'm involved in. Please provide detail on times and where you plan to stay.

>>> George Dick 02/19/04 11:21AM >>>

Warren,

We have finally arrived at a date and place for review of Exelon's implementation of the AMAGs at Byron. The review will take place at Byron, on 03/04/04, with a spillover date of 03/05/04.

I know that you have a lot of irons in the fire, but I wanted to see if you would be available and interested in participating.

George
