North Kansas City, MO 64116

SUBJECT
Control No. 316723 -- Re - Amendment request by NRC Form 314 dated November 30, 2007, to terminate their license, License No. 24-24718-01.

SUMMARY
In a telephone conversation with Mr. Billings on this date, he confirmed that the Kay-Ray Model 7062BP gauge (not authorized on their NRC License No. 24-24718-01), for which they had provided records showing 1) that it was also transferred to Ohmart/VEGA on January 25, 2007 and 2) that its leak test record, current as of the transfer date, demonstrated the non-leaking status of its sealed source of Cs-137, was in fact possessed under general license provisions.

Mr. Billings also confirmed that no leaking sealed sources have ever been identified at their facility based on routine leak test data.

ACTION REQUIRED
Licensee reviewer to consider above information in evaluation of licensee's license termination request.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this conversation record will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS).
