Ron:

As a followup to our conversation last week and the need to now do an environmental assessment of our amendment request to revert to an operational status for SUA-1341, I want to emphasize that we are prepared to assist in any manner we can to expedite the preparation of the report. You briefly touched upon some of the items/information that would be helpful to you during our conversation, but I thought it would be useful to me if you could itemize in an e-mail all the information you need from us. We will immediately start assembling that information.

Thanks,

Tom
