Gary,

Thanks for the chat this morning. I will let you know who is covering what area soon as I'm close to locking that in (for example, Jennifer will probably lead maintenance and Jamie, operations.) This info should help you set up your liaisons. Attached is a follow-up request for information for the inspection. If you have any questions or comments please don't hesitate to reply.

Please acknowledge receipt of this e-mail.

Thanks!

Regards,  
Joe

**Information Requested:**

22. A copy of your most recent Top Ten List (equipment reliability and/or management focus). Include associated CR, action plan, status, and brief history (when did issue originate).
23. Copy of all root cause evaluations (assuming that that is the top level root cause review and that this would not be a huge population) and a listing of all apparent cause evaluations completed since March 1, 2006.
