Sir,

I have the honour to inform you that the International Atomic Energy Agency (the IAEA) requires expert's advice during the *Fact-finding Mission to Kashiwazaki-Kariwa Nuclear Power* to be held in Nagaoka, Japan, from 6 to 9 August 2007, and in Tokyo, Japan on 10 August 2007.

The purpose of the mission is to discuss and share findings and lessons learned from the Niigata earthquake at Kashiwazaki-Kariwa Nuclear Power Plant.

In this regard, I should be grateful if your Government would make available the services of Mr. James Johnson, of JJJ Associates, 7 Essex Court, Alamo, San Francisco 94507, CA, USA, Tel.: +1 925 8389227, Fax: +1 925 83839227, e-mail: [JasJohn@aol.com](mailto:JasJohn@aol.com) for this mission.

The IAEA will cover the expert's travel and per diem in accordance with the IAEA's procedures for non-staff travel.

It would be appreciated if your Government's nomination could reach the IAEA as soon as possible. Mr. A. Godoy of the Division of Nuclear Installation Safety is the responsible officer who will contact the consultant directly concerning further arrangements.

Accept, Sir, the assurances of my highest consideration.

Ph. Jamet  
Director  
Division of Nuclear Installation Safety
