Subject: Re: PB call #??

Nick/Mike - Dan and I just discussed this with Cindie - the regional folks would like to go over our plan initially internally to get regional alignment. We will likely hold a call this afternoon (TBD) to let the other offices know about our plans, then. Another option may be that we tack the PB discussion onto our Tuesday enforcement panel. I'll let you know how we're proceeding later this morning.

Bob,

Mike is working at home and calling in from there. Can you send me the bridge number?

I just sent Mary Ann the Rev 4 draft, she was tasked with Coordinating for NRR. . .

Thanks,

Nick
