Subject: Calvert Cliffs Proposed Unit 3 Nuclear Station

Kevin,

Unistar submitted additional information regarding its application for the proposed Unit 3 at Calvert Cliffs nuclear power plant. The NRC determined that the application, as supplemented, is acceptable for docketing and processing. NRC's letter to Unistar accepting the ER for docketing is attached. The letter notes that a public scoping meeting will be held on March 19, 2008. The meeting will be near the plant, at the Holiday Inn in Solomons, MD. Also attached is the Federal Register notice of accepting the application for docketing.

The accession number for part 1 of the partial application received on July 13, 2007 in ADAMS is ML071980294. The accession numbers for the supplemental information in ADAMS for July 16, 2007, August 2, 2007, October 30, 2007, and December 14, 2007 are ML072000363, ML072200533, ML072220589, ML073060128, ML073520192, ML073520211, and ML073520221.

An NRC environmental review team plans to visit the site the week of March 17 - 20. If one or two people from your Region 3 office would like to participate in the site visit with our team, or if you have any other questions, please contact me at (301) 415-5971 or tlf@nrc.gov.
