EXAM REPORT NOS. 05000413/2007301 AND 05000414/2007301

Dear Mr. Hamilton:

This is to inform you of the individual examination results of the applicants that participated in the initial examination conducted at your facility on December 3 - 6, 2007, and December 13, 2007. This letter complies with the intent of ES-501, Section E.1.a., NUREG-1021, Operator Licensing Examination Standards for Power Reactors, Revision 9.

Enclosure 1 is a copy of the Power Plant Examination Results Summary, Form ES-501-2, Rev. 9. Copies of the licenses for the individuals who passed the examination are included as Enclosure 2. Included as Enclosure 3 are copies of the individual Operator Licensing Examination Report (Form ES-303-1) packages. This will enable you to evaluate the individual weaknesses and provide appropriate remedial training for those operators as necessary.

It takes approximately 90 days to generate and process the operator license certificates. Region II encourages licensees to plan certificate presentation ceremonies for licensed operators. Regional management will be available to participate in such ceremonies, if possible. Please call me at (404) 562-4550 to discuss your plans.

Sincerely,

/ RA /
