Dear Mr. Renz:

The attached reports regarding the Westinghouse Fitness for Duty Program Performance Data are being supplied to you. These reports represent all the pre-access drug/alcohol testing that was conducted by Westinghouse for personnel requested for unescorted access authorization at Dominion Generation nuclear stations – North Anna, Surry and Kewaunee; and Dominion Nuclear – Millstone for the second six month reporting period ending on December 31, 2007. The average number of employees specified in Number 7 of the attached forms is the total Westinghouse average population having the potential for access authorization. Also, as you are aware some Westinghouse employees requesting access authorization may have received pre-access testing conducted by Dominion Generation.

If you have any questions or comments, please call Ms. Vicki Pancurak at 724-722-5718 or me.

Sincerely,
