Re: U.S.N.R.C. Materials License no. 37-07722-04

Dear Sir/Madam,

Bryn Mawr Hospital wishes to amend our Materials License to remove Marchello Barbarisi, M.D. as the Radiation Safety Officer of our license. Dr. Barbarisi will still remain on the license as an Authorized User. We wish to appoint Nancy Sherwin, M.D., as our new Radiation Safety Officer. Dr. Sherwin is an Authorized User on our license and the Radiation Safety Officer for Lankenau Hospital, license # 37-07905-04. We have a medical physics consultant here once a week to aid her in her duties. Bryn Mawr Hospital and Lankenau Hospital are part of the same Health System and are located about 15 minutes from each other.

Should you have any questions regarding this request feel free to contact our consultant medical physicist, Tara Bachman, at 908-788-9440, ext. 49. or email tbachman@biomedphysics.com.

Thank you for your assistance.

Sincerely,

Brenda DeFeo
Vice President

Re: Delegation of Authority

You, Nancy Sherwin, M.D., have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the radiation protection program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified by radiation safety. You are required to notify management if staff do not cooperate and do not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission and Pennsylvania Department of Environmental Protection at any time.

I accept the above responsibilities,

Brenda DeFeo
