Carlotta,

On December 13, 2007, AREVA submitted an export license request on my letter DLN:07:074. The application was given export license number XSNM3524 and docket number 11005724. A changed needs to be made to the attached NRC Form 7, Block 11, as follows.

Did read, "Source Material Canada (100%), enriched in the U.S.",

Should read, "Source Material Canada (100%), enriched in France"

A copy of the revised Form 7, page one is attached.

Please let me know if you need any further information or have any questions.

Thanks,

Dan

Dan,

I don't know where we are in this application process, but we need to make this change. I leave this in your capable hands. Let me know when you figure out what it will take and I will inform NFI.

Best regards,

Alex Corsten

Dear Mr. Corsten,

At the bottom of the first page of the E/L for G3-R15, we are afraid that we described "Source Material Canada(100%), enriched in the U.S."

by mistake (actually, this should be enriched in France). Could you please confirm if this is acceptable?

If necessary, we have to revise the E/L application immediately and ask you to apply for it to NRC.

We apologize for any inconvenience this may have caused you, and we look forward to hearing from you by the end of today in U.S.

Best regards,

TAKASHIMA Akira
