SUBJECT: UPMC MERCY, VOIDANCE OF APPLICATION FOR LICENSE AMENDMENT,
CONTROL NO. 141668

Dear Ms. Hogan:

This concerns the subject application for an Amendment to your material license dated January 23, 2008. As discussed with Barbara Bookser of your staff on February 5, 2008, we have determined that your license currently authorizes iodine-125 eye plaque brachytherapy treatments. We have, therefore, voided your application.

Thank you for your cooperation.

Sincerely,

Original signed by Sandra Gabriel
