Duane,

Thanks for the information . Will schedule you for one of those days. Not necessary for you to come in on the 25th. Meeting will discuss conference call process. A bridgeline will be available for those working at home. Should you desire to participate it would be available to you as welll.

Willll send more information later.

Jack

Jack,

I know we talked about perhaps wanting to do the discussion on ALARA early in the series of calls. However, my availability that week is somewhat questionable at this time. I believe that I should be more available the first full week of March, so it might be safer to plan on that week. Plus that would give us time to finish talking through my issues in advance if you want. My preference is for Tuesday, Wednesday, or Thursday (03/04-06), and right now I could do any of the times on those days. I assume we could (try to) discuss (1) characterization, (2) ALARA, and (3) final status survey RAIs in one call.

Also, I see you scheduled a team meeting for Monday 02/25. FYI, I am currently scheduled to be off that day (though that might change), so may not be able to make the meeting.

Thanks,

Duane.

Please select a time to discuss your review area with SMC. I would like to transmit this to SMC next week so they can schedule the appropriate individuals to discuss this with us. Note that the NJDEP will be allowed to participate if they so desire.

I will be having a conference call with NJ and SMC tomorrow to discuss what we will be doing during the calls and the bases for having such calls.
