ADJUDICATIONS STAFF

As a resident of Utah, I am opposed to the proposed plan for foreign nuclear waste to be shipped to the EnergySolutions dump in Tooele County.

Has the United States lowered itself to the degree that we will become the repository for foreign waste? If this were to happen it would create a few jobs and improve EnergySolutions' balance sheet. But it would offer no benefit to the people of Utah and could potentially place them at risk.

Sincerely,

Jon Weisberg
