OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

The United States does not have a plan to deal with it's own nuclear waste, so why would we even toy with the idea of taking it from another country? I live in Utah, in Tooele County in fact, and we already deal with the waste "Energy Solutions" (how deceitful is that name?) takes in, as well as the destruction of chemical weapons. I think we have MORE THAN OUR SHARE.

Keep this toxic garbage out of Utah! I have four kids and three grandkids; ask yourself if you would want this stuff sitting next door to YOUR family.....
