OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Dear Commission

I find it alarming that anyone is considering bringing nuclear waste to Utah.

If a state, country, city, etc. is going to receive the benefits of the energy from nuclear power, then they also need to be willing to accept the drawbacks of what that nuclear power brings and provide a place in their own area for the waste that nuclear power generates.

No place should have to accept the garbage of another place. No argument justifies bringing nuclear waste to Utah.

I have lived in Utah for 55 years. My ancestors settled this state. Please do not let others defile this beautiful state.

Other entities may have a monetary investment into the proposal of using Utah as a dumping ground. I have invested my life, my children's lives, and my grandchildren's lives (who all live around me) into keeping this state clean and beautiful for us and are future posterity.

Thank You for reading this message.

Sincerely,
MaryLyne Witney
