Dear Mr. Lopiano:

**APPROVAL AND ACKNOWLEDGMENT OF THE LEASE AND SUBLEASE OF
X-2230J LIQUID EFFLUENT SYSTEM UNDER THE GAS CENTRIFUGE
ENRICHMENT PLANT (GCEP) LEASE**

The Department of Energy (DOE) approves the United States Enrichment Corporation's (USEC) request of December 13, 2007, to lease the X-2230J Liquid Effluent System (as detailed on the enclosed table) under the GCEP Lease and agrees to establish a lease effective date of February 29, 2008, with transfer occurring at 12:01 p.m. EST. The sublease from USEC to USEC Inc. at the same time is also acknowledged. DOE and the Nuclear Regulatory Commission have mutually agreed to transition regulatory oversight at the same time.

The X-2230J system tanks and associated lines will be leased/subleased in whole with the exception of the tanks and lines supporting Building X-7721. The tanks associated with Building X-7721 will remain leased under the Gaseous Diffusion Plant (GDP) Lease and will transition when the remainder of the facility is leased/subleased under the GCEP Lease.

Subsequent to the execution of this lease action, the system will be removed from Exhibit A and/or B of the GDP Lease, accordingly, and the established lease effective date will be included in Exhibit A of the GCEP Lease.

Please contact me at (865) 576-2678 or Matt Vick at (740) 897-2089, if you have any questions.

Sincerely,

Larry W. Clark
