Dear Mr. McCabe:

The Department of the Treasury's Financial Management Service (FMS) Quarterly Scorecard that shows the results of your agency's financial reporting performance for the quarter ending December 31, 2007, is enclosed. The scope of the Quarterly Scorecard focuses on Fund Balance with Treasury reconciliation.

The Quarterly Scorecard reflects agencies' performance in compliance with the following FMS financial reporting standards: Accuracy, Timeliness, and Checks Issued Comparison. These three reporting standards use a traffic light grading system. For example, agencies score "green" if all standards are successfully met, "yellow" if some but not all standards have been met, and "red" if none of the standards have been met based on the criteria outlined in the scorecard.

The three standards of financial reporting requirements are outlined in the following Treasury Financial Manuals (TFM):

- Reconciling Fund Balance with Treasury Accounts, TFM Volume 1, Part 2, Chapter 5100
- Accelerated Supplemental Reporting Requirements for Statements of Transactions and Statements of Accountability, TFM Announcement No. A-2004-06, April 2004
- Instructions for Disbursing Officers' Report, TFM, Volume 1, Part 2, Chapter 3100
